

**DORAL<sup>®</sup>**  
*Doral Marine Resort*

# Clean Marine Program Agreement

**As Adopted By Doral Marine Resort**

I have read and agree with the intent of the Clean Marine Program.  
 I am aware that Doral Marine Resort is adopting Clean Marine practices throughout the facility.  
 I will make every effort to comply with those practices and  
 help the marina to protect our natural environment.

As a leaseholder tenant of Doral Marine Resort, I, \_\_\_\_\_,  
 of slip \_\_\_\_\_, confirm I have read, that I am familiar with, and that I agree with the  
 intent of the Clean Marine Program as implemented by Doral Marine Resort.

In becoming a leaseholder tenant, I commit my guests, crew, and myself:

1. To keep all refuse and garbage of any kind on board the boat until it can be disposed of onshore in waste containers.
2. To separate all recyclables and place them in appropriate containers.
3. To separate hazardous wastes, including used oils and antifreeze, unwanted paints, solvents and cleaners, batteries, old unusable fuel, and used oil filters and dispose of them in accordance with marina guidelines or take all such wastes to the municipal household hazardous wastes collection site.
4. To take all necessary steps to avoid spilling fuel, oil, or any chemicals or cleaners whatsoever into the water, to refrain from pumping oil contaminated bilge water overboard, and to be guided by instructions from the attendant when at the Gas Dock.
5. To carry out any repair work on the boat in designated areas only, taking all precautions required by the marina to avoid leaving debris, litter, or liquid contaminants on the ground.
6. To use the land-based washroom facilities whenever practical, as long as the boat is at the dock and to avoid pumping grey water overboard when in the marina.
7. To never discharge raw sewage from black water holding tanks to anywhere other than an approved pump-out facility.
8. To use environmentally friendly products whenever and wherever possible.
9. To operate vessels in a safe and considerate manner at all times, to operate engines only when necessary, to avoid creating a wake when entering and leaving the dock, and to avoid causing a nuisance to all others using the marina's facilities.
10. To always show respect for the environment and for fish, birds, and other animals, both aquatic and terrestrial, that share it with us.
11. To promote Clean Marine practices at all times.
